Stomach, Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choaking or Suffocating Sensations when in a lying posture, Dimness of Vision, Dots or Webs, before the Sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yel-lowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c, &c, Sudden Flushes of Heat, Burning in the Flesh,

Constant Imaginings of Evil, and Great Depressions of Spirits, can be effectually cured by Dr. HOOFLAND's CELEBRATED GERMAN BITTERS. DR. C. M. JACKSON,

At the German Medical Store, 120, Arch St. Phila. Their power over the above diseases is not excelled -if equalled-by any other preparation in the United States, as the cures attest in many cases after skilful physicians have failed.

READ AND BE CONVINCED! Chas. Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, Jan'ry 9, 1850, said—

" My wife and myself have recived more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver diseases. "The Tenth Legion," published at Woodstock,

Va., January 10th, 1850, said-"A GREAT REMEDY .- We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the German Bittes, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine has been tested, has fallen under our observation. During the last summer, a son of Abraham Crabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle and is restored entirely to health."

READ FURTHER A FEW FACTS. From the "Weldon Herald," published at Weldon, N. C., January 24th, 1850, which said-

"PATENT MEDICINES."-It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and venders of these medicines, the land is becoming flooded with quack preparations, that are made alone for profit, and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person gets an indifferent medicine the first time he purchases, he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their number, (who ignorantly combine plain medicines together for the purpose of making money.) for the ill-success which attends the efforts of the deserving.

"We believe Dr. C. M. Jackson's "Hoofland's German Bitters" to be a most excellent medicine, and one that should be highly popular in these days of Temperance—for they are altogether Vegetable in their composition, without one drop of Alcoholic Spirits in them. This medicine is innocent, but strengthing in its effects, and richly deserving of an unbounded popularity, which, when it becomes known, it will, no doubt, enjoy." For Sale by
